

Configuration Knowledge

UFPE, PUC-Rio, UFRN

Comparative Study

- Six product derivation approaches
- Using MobileMedia r07
- Metrics suite for CK Modularity
- Qualitative assessment
- Submitted to SBES

CK Evolution

- Analysis using MobileMedia evolution
- Modularity in the evolution context
- Stability of CK specifications
- Submit to SBCARS

Individual Efforts

- Safe Composition of CK-based SPLs
 - (UFPE)
- CK Representation for heterogeneous SPLs
 - Implemented with different technologies
 - Frameworks, components
 - (PUC-Rio)
